

The screenshot displays the 'Browse Devices' interface of the IBM Watson IoT Platform. The page header includes the IBM logo and navigation tabs for 'Browse', 'Action', 'Device Types', and 'Interfaces'. A top navigation bar shows the user's profile and email address. The main content area features a 'Browse Devices' heading, a 'All Devices' button, and a description of the device list. Below this is a search bar and a table of devices. The table contains one device with ID 12345, which is 'Disconnected'. The 'Device Simulator' toggle is turned on, and a notification indicates '1 Simulation running'.

| Device ID | Status       | Device Type | Class ID | Date Added           | Descriptive Location |
|-----------|--------------|-------------|----------|----------------------|----------------------|
